

EHS Tracker

Power By **Assertion IQ**

Platform for Environmental Management, Occupational Health, and Safety

MICROSOFT AZURE SOLUTION PROVIDER PROFILE: ASSERTION IQ

Assertion IQ develops solutions for highly regulated industries. EHS Tracker, a Microsoft Azure cloud solution, enables global management of compliance with environmental, health, and occupational safety requirements. EHS Tracker is a specialized web-based application that incorporates best practices from ISO-9001, ISO-14001, and ISO-45001 standards.

INTEGRATED MANAGEMENT SYSTEM

ISO-14001 EMS

A comprehensive Environmental Management System (EMS) module to manage all regulatory compliance data collection and analysis, automate threshold parameters, and track permits. Facilitate regulatory compliance at all times!

ISO-45001

A comprehensive Safety Management System (SMS) module for the daily application of best practices in worker health and safety management, incident management, risk identification, assessment, and mitigation, field inspections, and audits.

ISO-9001 QMS

Integration of best practices in quality management, such as tracking corrective and preventive actions; management of non-conformities and audit results. It also allows you to automatically track indicators, perform statistical analysis, and receive notifications of dates and events.

CLOUD SOLUTION

A web application available in the Microsoft Azure solutions catalog. Cloud platform, scalable, multi-language. Available in single-tenant or multi-tenant mode, including customization options and optimized for mobile devices.

CUSTOMER TESTIMONIAL

FIND OUT WHAT OUR CUSTOMERS SAY - THE CASE OF BAYER CROP SCIENCE

“100% recommended for EHS compliance management.”
– *Oswel Berdecia, EHS Manager, Bayer Crop Science.*

Learn more about our solution at www.assertioniq.com and request a demo, or send us your request to sales@assertioniq.com or contact us at +57-324-638-1492

Bayer Crop Science is a global company with core competencies in the fields of life sciences, healthcare, and agriculture. Bayer has also been recognized by external organizations for its excellence in the field of safety and environmental management. The Puerto Rico Manufacturers Association (PRMA) recognized Bayer with the “Innovation in Sustainability 2024” award for its implementation of the EHS Tracker platform.

FIND OUT WHAT OUR CUSTOMERS SAY

1. “The Assertion IQ platform has been extremely helpful and supportive. It has enabled us to keep up with the requirements of different agencies, thus ensuring compliance with ISO-9001, ISO-14001, and ISO-45001 standards.”
2. “It has allowed us to avoid having to look for different alternatives, as Assertion IQ practically collects everything and integrates it in one place. This helps us with compliance not only in the short term, but also in the long term for many years to come.”
3. “Working as a team helps us not only to obtain help and support, but also quality. Sometimes we ask for something that may not be available at that moment, but we have never been told no. On the contrary, they take the request, help us, modify the system without altering it, and present us with alternatives. Once implemented, they offer us improvements to continue progressing.”
4. “Easy, easy, totally. I think we all agree that it's a 10.”

“Eng. José Rivera, EHS Manager, E-Cycling International.”
